Experience

Staff Software Engineer
SS&C Advent, Jacksonville, FL   *August 2018 – Present*
Oversee all UI and UX design elements by working directly with development and design teams. Set page templates and design patterns for team. Create full front-end layouts and architecture using .NET, .NET Core, MVC, AngularJS, jQuery, and KendoUI. Prototype functionality with stakeholders before connecting to APIs to pull real data.

Web Marketing Manager
Optimum Healthcare IT, Jacksonville, FL   *June 2016 – June 2018*
Paired with the Creative Director and worked on internal and external sites using jQuery, HTML, CSS, and PHP with Wordpress.

Senior UI Engineer
Clearsense, Jacksonville, FL   *June 2015 – June 2016*
Helped a startup team by establishing and making UI and UX elements to show to stakeholders using AngularJS, MVC, and jQuery.

Lead Front-End Developer
Fanatics, Jacksonville, FL   *May 2010 – June 2015*
Worked directly with IT, design, SEO, and marketing teams to establish design and layout needs. Created prototype pages and styles to establish brands across hundreds of sports merchandise e-commerce stores.

Education

Master of Science, Management Information Systems
University of Central Florida, Orlando, FL   *2007*
